

# **Working Prototype Known Problems Report**

Product: Public Defender

Team: 6 angry men

5 June 2017

## **Known Bugs:**

- [B-08](Emulator only) location is on, press current events, it says my" location is off turn it on, or if i did try again", press record and i am in this endless loop 'finding location
  - LOCATION SOURCE: Unknown - Emulator settings
- [B-09] go to maps from current events and it crashes cause a view component wasn't ready - very rare (like a Big-Foot or Loch-Ness monster )
  - LOCATION SOURCE: Unknown
